

Nantucket of the 26: 1839

Dear Friend

We have received the silk, petition
y^r and shall be best satisfied to have the "spoiled"
p^r forgotten, as we consider the risk of printing
our own, and that it would be poor compensation
for all the care thou hast necessarily bestowed,
to expect they to supply deficiency caused by
accidents of that kind. These 2 p^r of ribbon do not belong
to us, and were I suppose put in through mistake,
we therefore return them. — If you have petitions
plenty, we should like to have 20 sheets more of
them. — We do not find many persons willing to
make a business of circulating them, but quite
a number who are, willing to take them and obtain
all they can, and in some shops frequented by men,
we are allowed to leave them, and have procured
many signatures thus. I generally copy them but
my time will not now permit. ~~Believe me~~
~~believe me~~ If you have cards with motto's for pen wiper
please send me a dozen or two. — If you have not
cards, papers will answer. Please put all charges
on the printing bill, and forward it to me &
I will return the money the first opportunity.
150 Mr. Wright is still with us (would that we could)

always have time), diligently scattering broad cast the
seeds of universal peace & liberty, and shedding a
benign influence on all around. By his request
I will act as agent for the Nonresistant for Han-
tucket. Will thou please see that a copy is forwar-
ded to Charles B. Macy, with all the Back
Numbers? I will hand the money to Bro. Wright

in great haste
thine for him
